

Data INTERCEPT

6 Data Servo Skulls have been scattered across the battlefield, you must get to them and extract the data

Primary Objective

Take & Hold

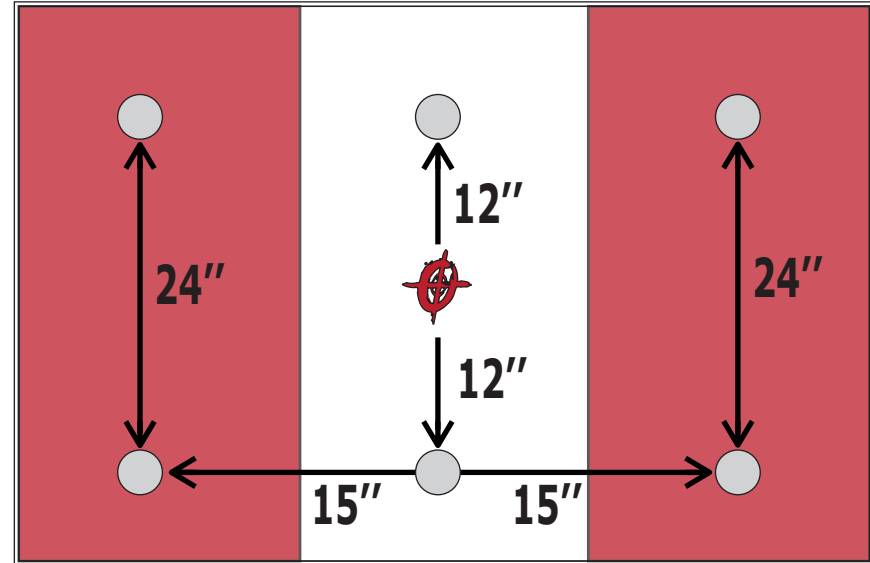

Starting the Second Battle Round, score the following at the end of your Command Phase:

Hold 1 Objective, score 5VP's

Hold 2 Objectives, score 5VP's

Hold more Objectives than your opponent, Score 5VP's

The Primary Objective can score a Maximum of 45VP's for the Battle

Secondary Objective

Extract the Data (Action)

One of your units (except Aircraft) can attempt to complete this action at the end of your movement phase when it is within 3" of an Objective Marker.

The Action is completed at the end of your next Command Phase.

If you complete the Action, score 5VP's.

Each Player will also choose 2 more secondary objectives from the Grand Tournament Mission Pack 2022 and/ or Army Codex

Each Secondary Objective can score a MAXIMUM of 15VPs for the Battle

Servo Skull Self Destruct!

Servo skulls contain a self destruct protocol to protect its data from falling into enemy hands.

At the end of each Battle Round from round 2 randomly select an objective that is being held or contested.

That Objective is removed from the battlefield.
